

You put yourself on the line for your country,

and we at the United Brotherhood of Carpenters are proud to be among the first to thank you by offering a rewarding and satisfying career via the UBC Helmets to Hardhats Partnership.

UBC & Helmets to Hardhats

Two organizations - one goal: Present great career choices for those who put their lives on hold to protect their homeland. The UBC's Helmets to Hardhats program provides our nation's military veterans with challenging careers in carpentry and a source of security for them and their family in the form of healthcare, retirement and financial stability. Capture the advantage of the UBC and Helmets to Hardhats partnership today.

The UBC Advantage

- **Credit for Service Experience:** Based on your military occupation code (MOC), you can leverage training and work-related experience during your time in the service to achieve advanced placement in our apprenticeship program.
- **Coast-to-Coast Opportunities:** You have the freedom to choose where you'd like to work. Contractors across the country are in constant need of union carpenters.
- **Avenue to Advancement:** Career training propels future leaders as far as they wish. Climb the ladder.
- **Financial Stability:** Top pay rates and healthy pension plans provide peace of mind for today and tomorrow. Build your wealth.
- **Benefits that Protect:** UBC healthcare and other programs provide shelter 24/7. Safeguard your family.
- **Smart Leadership:** From foremen to the general president, UBC leaders are forward-thinking, driven professionals. Work with the best.
- **Strength in Numbers:** The UBC is one of the largest trade unions in the United States. Join the strong.

Start My Career

Here's how it works: Your completed registration form puts the ball in motion. Soon you will be contacted by a local UBC representative, who will help you sign with your employing contractor and launch your apprenticeship. Within no time at all, your career is started with a solid pay and benefits package, and your career as a professional carpenter is off and running.
